

Starting Guide

▼ 1st Step

- Enter your fullname and main topics, like age, gender, country, language
 - Name
 - Age*
 - Gender**
 - Country
 - Language***
 - Picture*

*Optional

**Optional and with the possibility to add pronouns

***Native and others

▼ 2nd Step

- Enter your education background: university, courses, bootcamps, etc.
 - College*
 - Courses*
 - Bootcamps*

*All are optional, with the possibility to just put the max level of education (primary/highschool).

Get the principal logos of the universities in the world, if is not available then get the chance to put the google maps address, maybe, in the future, let them provide the logo by themselves.

▼ 3rd Step

- Enter your current job position, company, and experience if you have
 - Job position
 - College Degree
 - Job position you looking for

All are optional depending on your personal goals.

Create a main title for your current job and specify your responsibilities, also make subtitles with past jobs position and responsibilities.

▼ 4th Step

- Enter your background knowledge, habilities and skills, if you have
 - Knowledge
 - Skills*
 - Habilities
 - Technologies

*Hard and soft skills, with suggestions and the possibility to add your own, as well as ...

▼ 5th Step

- Enter your personal and team projects that serves as experience for your career or your next goal
 - Projects
 - Personal projects

Relevant projects and experience made out of the working environment, such as: web pages made in bootcamps, art projects, charity projects, etc.

It'd be ideal if these activities have to do with your job position, or the one you are looking for, or that add value to you as a professional or a person.

▼ 6th Step

- Enter your contact channels such as your social networks: LinkedIn, Instagram, X; and other ways to contact you, like your email address and phone number
 - Email*
 - Phone number**
 - Address**
 - LinkedIn
 - X, Instagram, Tiktok...
 - Figma, etc

*Will have 3 stages:

1. Public
2. Private
3. Only share (people with a special key -in the link- can see it)

**Same three stages as email, but with the suggestion to keep it private and let it on "Only share" option.

▼ 7th Step

- Enter a personal presentation that describes you as a person and as a worker
Suggestions to what to write and examples.

▼ 8th Step

- You will be able to modify everything you want whenever you want to. You also have a function to create your own personal sections depending on your preferences
